

ENGLISH

We will be exploring lots of different stories like George and the Dragon and A Christmas Star. We will also explore instructions and look at diary entries from the Great Fire of London. We will continue to develop our use of a range of punctuation including exclamation marks and question marks.

MUSIC

This term is all about our Christmas performance! After half term, we will be working on performance skills, like pitch and dynamics.

HISTORY

We will be learning about the Great Fire of London and ordering the significant events. We will be looking at why the fire spread and the changes made to rebuilt London.

PSHE

In PSHE, we are looking at how we are the same and different and how we treat everyone the same. We will look at what to do when we feel lonely and how to help people.

MATHS

This term we will mostly focus on numbers to 100. We will look at the place value of each digit and begin to count in multiples of 2s, 5s and 10s. We will move onto exploring addition and subtraction with numbers to 20. Later on in the term we will learn the properties of 2D and 3D shapes.

YEAR TWO CURRICULUM OVERVIEW Autumn TERM

SCIENCE

In Science, we will begin by looking at properties of materials and then we will conduct an investigation exploring what materials change under force. We will then move onto understanding what animals and humans need to grow and survive. We will also explore the importance of keeping clean and being healthy.

RELIGIOUS EDUCATION

In RE this half term, we look at what makes a sacred place. We will explore different sacred places for different religions and what makes them special.

DESIGN TECHNOLOGY

First of all we explore the use of puppets and how they work. We look at different stitches and techniques to join fabric together. We then look at vehicles and how axels and wheels work.

COMPUTING

This half term, we will be looking at information technology, and how we use it at home and in school. We will also explore how to safely use it and the rules we need to follow. Next half term, we look at how to take a picture and how light can affect the end result.

PHYSICAL EDUCATION

In gymnastics, we will learn the basic positions, like pike and straddle. We will also be learning folk dances from different countries.
